Monday, July 24, 2023, Private Track Day at VIR South Course

Heal Toe Go is a premier track day event. Our goal is to provide a world-class track day experience with like-minded enthusiasts who want to hone their skills in a fun and safe environment with like-minded car owners. All our events include premium catered meals, and all the track time you can pack into one day.

Our events are designed for sports car owners that want peace of mind knowing that the drivers behind them care as much about their car as they do. There will be no beat-up cars or rolling roadblocks, as we have a no junk policy and a 250hp minimum. This is all designed so you can put in more laps and work on your skills.

Our small run groups ensure lots of open space so you can hit that apex every time. Come find that perfect lap with us. All you need to do is Heal Toe Go, you will not be disappointed.
